As requested by the Board at the meeting of December 4, 2012, the following report is an update on various issues relating to the County's implementation of the Affordable Care Act (ACA). At its meeting on November 5, 2013, the Board instructed the Director of the Department of Health Services (DHS) to continue to report to the Board on a monthly basis on the implementation of the ACA; and at its meeting on April 7, 2015, the Board requested a report on a quarterly basis.

**UPDATE**

As detailed in the attachment, DHS continues to make progress on key initiatives and operational changes that will prepare our health system to succeed under the ACA.

As always, I welcome your suggestions and feedback on the dashboard report, which we will continue to modify and improve in successive iterations. If you have any questions or need additional information, please contact me at (213) 240-8101.
